MISSION

The Alpha Academy Youth Mentor Program's mission is to build, develop, and empower young men to become confident, capable, and purpose-driven leaders by providing access to meaningful relationships, resources, tools, and opportunities through interactive, application-focused programming. We promote academic achievement, mental wellness, financial capability, healthy-decision making, leadership, and career readiness through structured weekend, school-based, and experiential learning experiences. Through mentorship and intentional development, we prepare young men to navigate challenges, pursue opportunity, achieve their full potential, and make a lasting, positive impact in their families, communities, and beyond.

Invest in the next generation of leaders – your support helps keep AAMP free for the young men we serve: https://www.hhlfoundation.org/

This is a school-year long mentoring program that is free to accepted participants

OBJECTIVES

Build Purpose & Confidence — Help young men discover who they are, recognize their potential, and develop the confidence to pursue their goals with intention.

Develop Leaders of Character — Cultivate integrity, accountability, communication, decision-making, and leadership skills that prepare young men to lead in their schools, families, and communities.

Expand Their World Through Experience — Connect mentees to STEM/STEAM, career exploration, college opportunities, entrepreneurship, technology, and experiences beyond their everyday environment.

Strengthen Mental Wellness & Resilience — Equip young men with the self-awareness, coping strategies, emotional intelligence, and resilience needed to navigate challenges and make healthy decisions.

Build Financial Capability & Independence — Introduce practical skills in financial literacy, budgeting, saving, investing, entrepreneurship, and career planning that lay the foundation for lifelong financial wellness and economic mobility.

Prepare for Life Beyond High School — Encourage academic achievement and provide the knowledge, skills, mentorship, and exposure necessary to pursue college, skilled careers, entrepreneurship, military service, or other pathways to success.

Create Positive Relationships & Community Impact — Surround young men with mentors, peers, professionals, and community leaders who challenge them to grow while inspiring them to give back and make a meaningful difference.

Turn Potential Into Purposeful Action — Provide hands-on opportunities to apply what they learn, overcome challenges, solve problems, and transform knowledge into skills that prepare them to become men of distinction.

WHO ARE WE?

Founded in 1992 as a Boy Scout Troop in Annapolis, Alpha Academy began with a commitment to character development, life skills, and leadership. Over more than 30 years, the program has evolved into a comprehensive mentoring and youth development program serving young men in grades 3-12 throughout Anne Arundel County.

Today Alpha Academy combines mentoring, leadership development, STEM/STEAM experiences, financial capability, mental wellness, career readiness, and community engagement to prepare young men for success. Through our Saturday and School based programs, strategic partnerships,

Alpha Academy continues to create opportunities that develop confident, capable, purpose-driven leaders.

Learning Beyond The Classroom

College & Career Visits
- Business & Community Tours
- STEM & Robotics Projects
- Pinewood Derby Engineering
- Financial Literacy & Credit Workshops
- Investing & Entrepreneurship Experiences

Youth Leadership Symposiums
- Barbershop & Brotherhood Conversations

WHAT WE DEVELOP

Purpose & Leadership — Discover purpose, develop leadership skills, and learn to lead with intention.

Identity & Character — Explore identity, values, integrity, and what it means to become a man of distinction.

Emotional Intelligence — Build self-awareness, emotional regulation, resilience, and healthy decision-making.

Financial Empowerment — Develop practical knowledge of money, credit, saving, investing, and financial independence.

Communication & Public Speaking — Strengthen communication, presentation, listening, and self-advocacy skills.

Brotherhood & Relationships — Build healthy relationships, trust, accountability, teamwork, and positive peer connections.

Goal Setting & Discipline — Turn aspirations into action through goal setting, discipline, time management, and personal accountability.

Career Readiness — Explore careers, workplace expectations, professional skills, college and career pathways, and financial opportunity.

Community Leadership — Develop civic awareness, service, advocacy, and the confidence to create positive change.

Experiential Learning — Apply critical thinking, problem-solving, technology, and hands-on learning to real-world challenges.

Experiential Learning — Apply critical thinking, problem-solving, technology, and hands-on learning to real-world challenges.
